

Safety instructions

- **Location:** Use only indoors, in dry places. Avoid moisture and high temperatures.
- **Correct attachment:** Use only the supplied or recommended fastening material.
- **Power supply:** Use only a high-quality charging adapter with appropriate parameters.
- **Installation:** Place on a stable surface, out of the reach of children and animals. Route the cable so that there is no risk of tripping.
- **Cleaning:** Unplug before cleaning. Use a cloth or spray for clean electronics. Do not use water or chemicals.
- **Safety**
- **Flammable materials:** Do not place the lamp near flammable materials (e.g. curtains, paper).
- **Damage:** Protect the lamp from mechanical damage and direct sunlight.
- **Overload:** Do not overload the lamp beyond its maximum output.
- **Overheating:** Ensure adequate ventilation. Do not cover.
- **Use:** Do not leave it unattended.
- **Control:** Regularly check the condition of the cable, connectors and lamp.
- **Damage:** Discontinue use in case of any damage.
- **Danger:** Improper use may cause fire, electric shock or damage to the lamp.
- **More information**
- **Warranty:** Please see our website for warranty details.
- **The manufacturer is not liable for damage caused by improper use.**
- **Complies with IEC 60598**
